Field Survey Crew Chief

James A. Sewell & Associates, LLC (JAS), a multidisciplinary surveying, engineering and land use planning company located in Sandpoint, Idaho, is seeking an experienced field survey crew chief.

The candidate for this position will perform a wide variety of field surveying tasks including but not limited to boundary, cadastral and right of way surveying, topographic surveying, construction surveying, mapping surveying and flood plain elevation surveying, using GPS survey equipment, robotic and conventional total stations, and auto-levels. The candidate will also perform surveying calculations and data processing.

Salary is dependent upon experience and qualifications. JAS offers a very competitive wage and benefit package. The Sandpoint area has excellent living environments, affordable housing and is a great place to live.
