Drafting Technician

James A. Sewell & Associates, LLC (JAS), a multidisciplinary surveying, engineering and land use planning company located in Sandpoint, Idaho, is seeking a CADD drafting technician.

The candidate for this position will perform survey calculations, data processing and drafting for a wide variety of surveying tasks including boundary, right of way and cadastral surveying, topographic mapping and construction surveying. In addition to performing surveying drafting the candidate for this position may also assist in performing engineering drafting and a variety of other drafting tasks.

Salary is dependent upon experience. We will consider entry level applicants, and offer training for the right individual. JAS offers a very competitive wage and benefit package. The Sandpoint area has excellent living environments, affordable housing and it is a great place to live.

Send resumes by regular mail or email to:
