## Assistant Surveyor, Field Survey Crew

James A. Sewell & Associates, LLC (JAS), a multidisciplinary surveying, engineering and land use planning company located in Sandpoint, Idaho, is seeking an assistant surveyor for a field survey crew.

The candidate for this position will assist in performing a wide variety of field surveying tasks including but not limited to boundary, cadastral and right of way surveying, topographic surveying, construction surveying, mapping surveying and flood plain elevation surveying.

The right candidate will have the opportunity to be trained in the use of GPS survey equipment and optical surveying equipment all using automated data collection systems.

Salary is dependent upon experience and qualifications. JAS offers a very competitive wage and benefit package. The Sandpoint area has excellent living environments, affordable housing and is a great place to live.

Send resumes by regular mail or email to:
