

## Survey CAD Technician, Civil Engineering (Denver, CO)

Jansen Strawn, a Ware Malcomb company, is hiring a Survey CAD Technician in our Denver civil engineering office. We're looking for new graduates that want to pursue a career in land surveying. Majority of time will be in the office, with opportunities to work in the field.

Survey CAD Technician duties and responsibilities:

- Prepare ALTA, boundary, improvement, and topographic surveys.
- Prepare as-built surveys and construction plans, subdivision plats, legal descriptions and exhibits.
- Perform deed research, deed plotting and map checks
- Review and understand local and state ordinances
- Support Land Development group when needed.

Required Experience - Education and Skills:

- Degree or Certificate in Land Surveying or related field
- Proficient in AutoCAD Civil 3D.
- Demonstrate a basic understanding and entry-level application of the following technical skills:
  - Surveying procedures and practices
  - MS Excel, Word, and Outlook
  - Civil construction plan reading and interpretation
