

Missoula Corporate | 1817 South Avenue W, Suite A | Missoula, MT 59801

Territorial-Landworks, Inc. seeks a **Survey Party Chief** in our Missoula, Montana office.

### **Qualifications:**

We are looking for energetic and knowledgeable people to join a progressive and growing company. Our ideal candidate has a strong work ethic and a high regard for the survey profession with strong technical abilities and wants to be part of a growing company that looks to hire the best in the industry. At Territorial Landworks we strive to take care of our clients in a meaningful way and add value to their projects. It's that kind of spirit that drives our success. If you agree with this philosophy, then we need you to help us grow.

The baseline qualifications for the position includes industry experience and an ability to interact with landowners and the general public in a professional manner. Preferred 2+ years' experience.

This is a position with a high bar for attention to detail, time management and professionalism.

### **Essential Functions:**

- Collects data and gathers information or documents.
- Performs standard computations or analysis.
- Observes construction activities.
- Performs basic field survey work.
- Travel to field required. Must have valid driver's license and be able to pass a driving record check to meet our insurability requirements.
- Familiarity with survey technology and skills, including PLSS, GPS principles, etc.
- Meet the physical challenges of survey field work
- Familiarity and experience working with chainsaws
- Effective communication skills, both oral and written. Field notes must be legible.

### **Additional Responsibilities:**

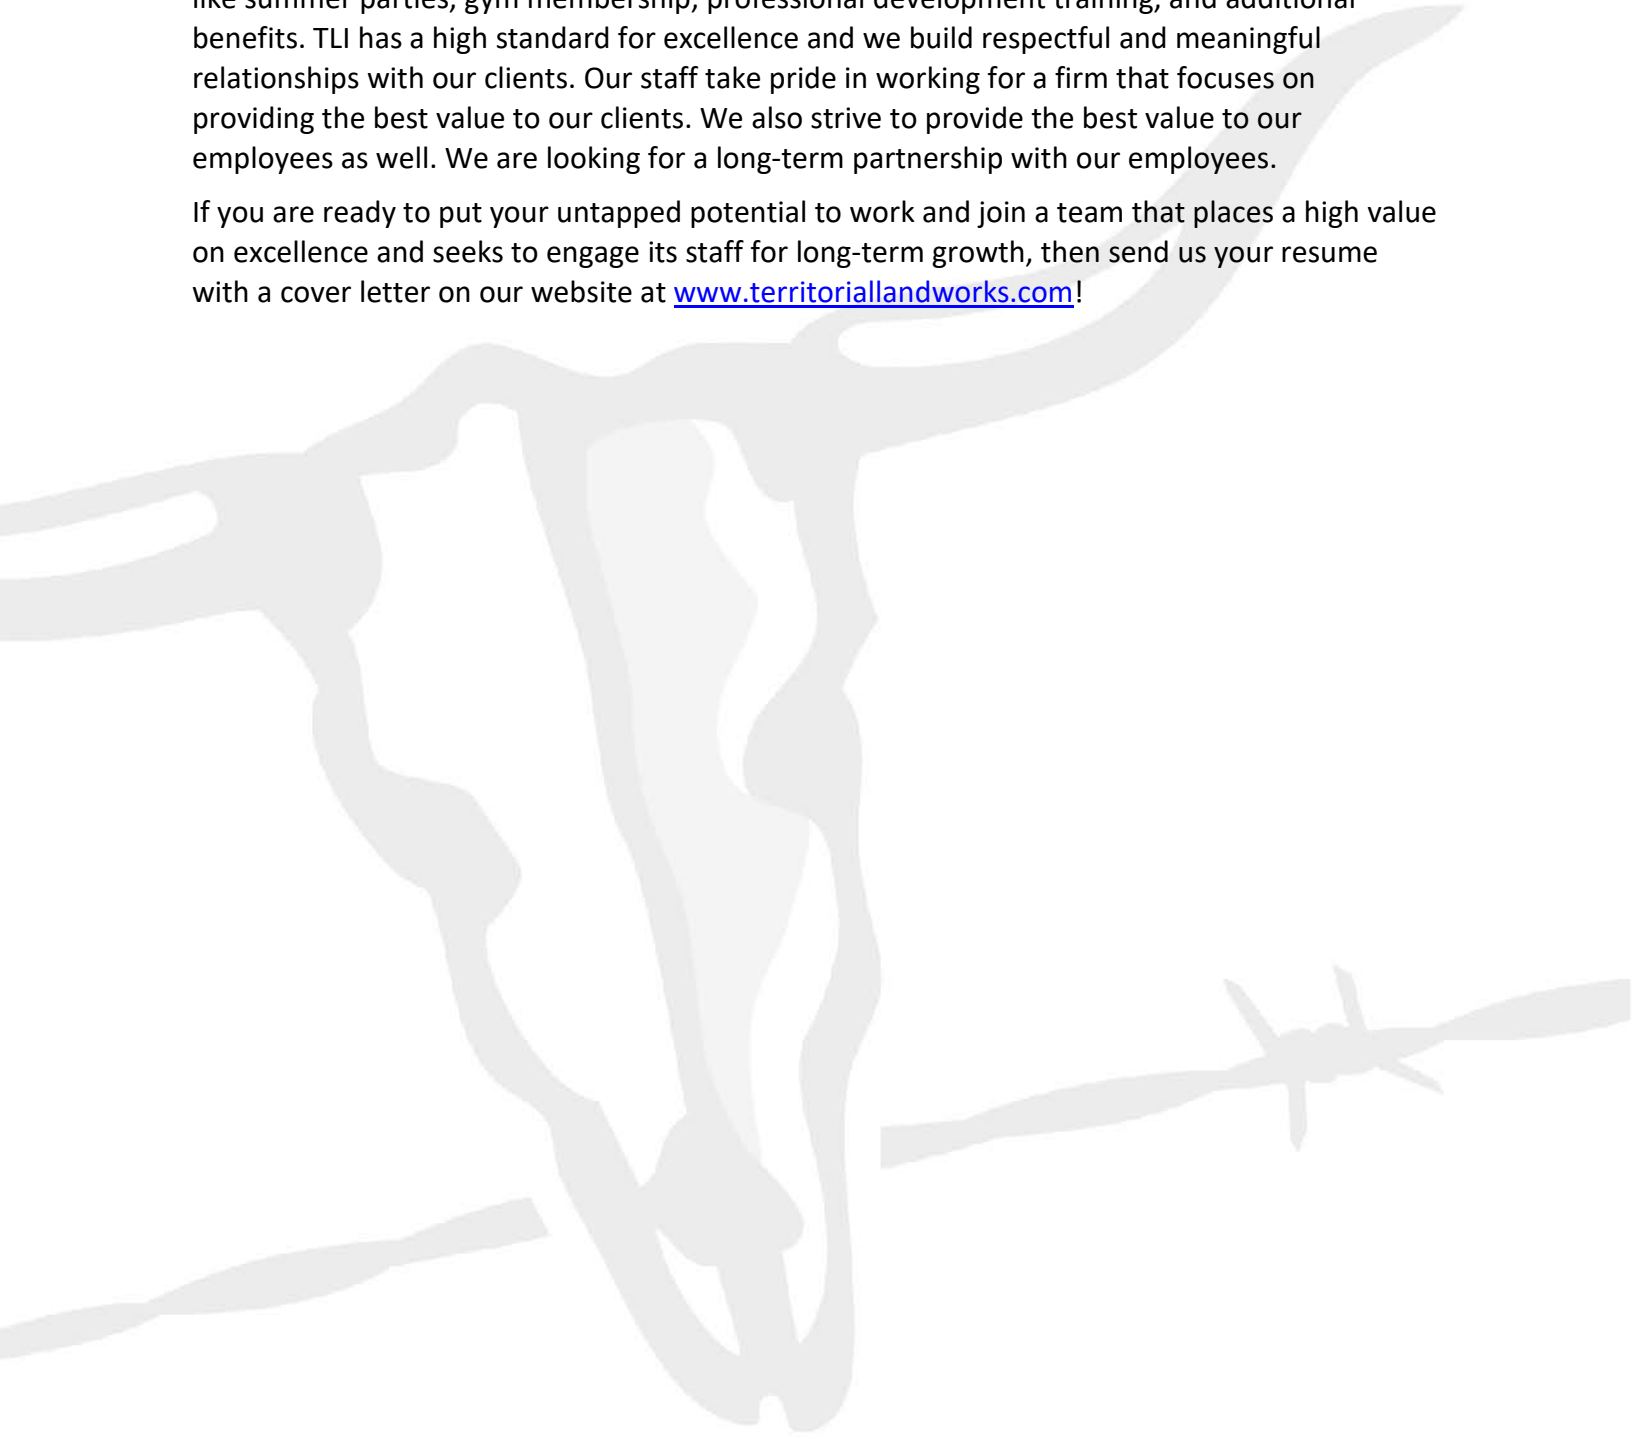

- Follows all safety requirements.
- Familiarity with survey data collection using GPS and robotic total stations.
- Cadastral surveying experience for Forest Service or BLM
- Construction staking, ALTA surveys, plats, deeds, legal descriptions, research, etc.
- Assists in determining equipment needs and makes necessary minor purchases

### **Expectations:**

- Position is 40 hours per week.
- Job location is based in Missoula, Montana, with travel to outlying areas.
- Field work will require the ability to walk on uneven terrain for up to 12 hours per day.
