Morris Land Surveys P.L.L.C., of Choteau, Montana.

## **Preface**

### **Abstract**

This publication, Montana Subdivision and Surveying Laws and Regulations, was originally published and updated as a service to private and public parties involved in the land subdivision process, by the Community Technical Assistance Program at the Department of Commerce. However, that program currently no longer exists. A November 2006 publication was prepared and funded through a collaborative effort of the Joint Powers Insurance Authority of the Montana Association of Counties, the Montana League of Cities and Towns, the Montana Board of Professional Engineers and Professional Land Surveyors, and the Department of Commerce – Community Development Division.

This 2020 publication was prepared and funded through a collaborative effort between Morris Land Surveys PLLC and the Montana Association of Registered Land Surveyors.

## **Further Information**
